Re: *Generic Docket to Establish UNE Prices for Line Sharing per FCC 99-355 and Riser Cable and Terminating Wire as Ordered in TRA Docket No. 98-00123*
Docket No. 00-00544

Dear Mr. Waddell:

In response to your letter of July 23, 2001, the AT&T/MCI Collocation Model does not currently produce rates for the collocation elements listed in BellSouth's cost study in this proceeding as Cost Reference No. H.0 (H.3 and H.6). The model could be adapted to produce such rates, but AT&T does not have any plans at this time to adapt the model to produce such rates.

I appreciate the Staff's indulgence in allowing me additional time to respond to their request for information. If there are any additional questions, please do not hesitate to contact me.

Sincerely,

Jim Lamoureux *by permission.*
